CENTRE FOR CHILD HONOURING  
*Respecting Earth and Child*

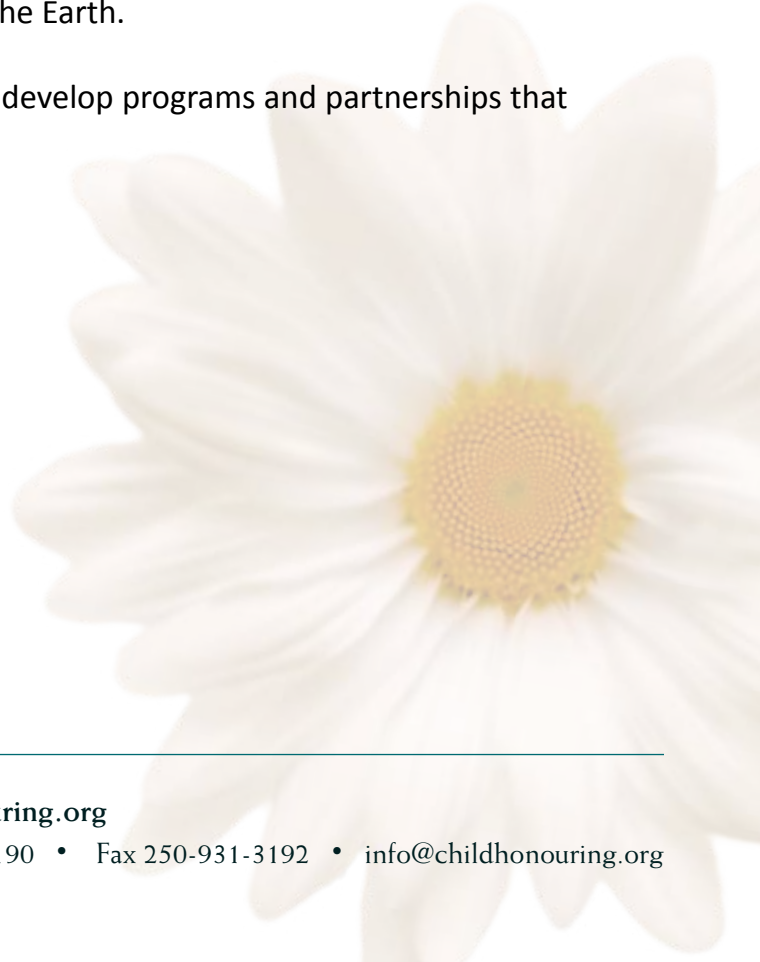

Dear

In your honour, a gift has been made to the Centre for Child Honouring, to support their work to create a sustainable world for all our children.

Founded by Raffi, the Centre supports the vital vision of Child Honouring as a universal ethic for building healthy communities and restoring the Earth.

May this gift bring you joy as it helps the Centre develop programs and partnerships that empower children around the world.
